IN PRICE of the Marion Bull Dog, who has warded \$10,000 with Hadding, that he can not drive the 110 hours, has taken as his battle-cry, "Time Will Tell" and it seemed to be telling on that ride back to Marion. The one canine and four human occupants of the car entered with zest into a yawning contest, but "Bud" taking a big lead, "Jiggs," that's the dog's name, won the contest and retired from the arena in the early rounds to enjoy a luxury that was not granted his master. That luxury was sleep.

CIRCUIT COURT RULES AGAINST COUSIN HEIRS

Decision of Cincinnati Tribunal
Affirms Ruling of District
Jurist

INVOLVES \$200,000 ESTATE

Claim That Federal Court Has
No Jurisdiction Is
Sustained

The suit brought in an effort to break the will of the late Hurr Ritchley, former Marion resident who bequeathed all but a small part of his \$200,000 estate to the Marine March 22, 1924.

struck its second obstacle Tuesday when the United States Circuit Court of Appeals at Cincinnati handed down a decision against Mrs. May Hoeg and Fred Hatfield, cousins of the deceased, who are plaintiffs in the suit.

The decision of the Cincinnati court affirms the ruling handed down in the United States District Court in Toledo on Dec. 7, 1925, when a demurrer filed by the defendants, Harry J. Merchant and Charles C. Smith,

will, the Marion Masonic Temple Co., and other heirs, was sustained. The demurrer was based on the claim that there is "no diversity of citizenship" among the plaintiffs and defendants and that the case was one of local interest.

Declaration
The phrase "diversity of citizenship" refers to persons who are residents of different states and where that condition exists in a case.

In this case, while Mrs. Berg and Fred Patchley, the plaintiffs are residents of Missouri and Minnesota, respectively, and practically all of the defendants are, but not all of them.

Following the decision of the District

Hocking Valley Traffic In Coal Heaviest This Season Despite British Purchases

Record Number of Fuel Trains Passing Through City Enroute From Southern Mines to Great Lake Regions, Rail Officials Claim

Despite the fact that coal has increased greatly in price during the last few weeks and Great Britain is claimed to have bought great quantities from the mines in Ohio, W. Virginia and Kentucky, the Hocking Valley reports the heaviest coal traffic of the season.

A record number of trains passed through Marion yesterday on the way to the Great Lakes.

It could be heard above the roar of the wind and the clashing of trees. In a few minutes the whole village of some 200 people was on its way to the hill where the schoolhouse had stood. Children came hurt, some more or less seriously, some were beginning to emerge from the wreckage as the first of the rescuers reached the hill.

Two physicians, Dr. George D. Heath and Dr. Thomas F. Green, were among the first to arrive. They dispatched word to Washington for ambulance and doctors. They had seen enough in a few minutes to know that there was work a plenty. Two ministers, Rev. Father Ward and Reverend Greenwall, also were on the scene. The Catholic warden gave several of the children the last rites of the church there amid the wreckage.

Two country hotels and the village newspaper office were turned into temporary hospitals. As fast as the children could be extricated they were carried to the village proper and later the injured were placed in flat automobiles and hurried to Washington hospitals, 35 miles away.

One little fellow, Samuel Berry, 7, alive today because the ambulance that carried him went out through the wreckage. This boy had one arm and a fractured skull. Physicians said today he had a chance for recovery.

The stories of the survivors are virtually all the same.

Miss Ethel Grapes, the 22-year-old school teacher, in charge of 25 primary pupils, who was badly injured, although not seriously so.

"It had been raining most of the day and a little before 3 o'clock the wind seemed getting stronger. I heard a rumbling noise and looked out of the window. Things looked black and ugly. I was beginning to feel nervous when all of a sudden the window panes just blew out. The children started toward me when suddenly we all seemed to be flying through the air. Everything was whirling around and around. I guess I lost consciousness, for the next thing I knew I was lying on the ground and there was a child lying across me."

Community Service

There are three hundred homes in La Plata and almost every one was touched by sorrow today, either through death or injury of children. The village authorities were consulting parents this morning and it is probable that the dead children will be buried at a community service, and in a single grave.

As suddenly as the twister struck, just as suddenly it left. From the town it bore southwest and swept a narrow strip through the countryside to Colverville where it caused considerable property damage and one death.

IMPEACHMENT ACTION AGAINST ENGLISH DROPPED

Washington, Nov. 10.—The senate today abandoned impeachment proceedings against George W. English, federal judge for the eastern district of Illinois, who resigned a week ago. Meeting as a court of impeachment, but with no prisoner at its bar, the senate or red canceled subpoenas for all witnesses. This stopped the trial for which the senate had come back to Washington ahead of the regular opening of congress in December.

Next Step

The next step in the proceedings should the plaintiffs decide to carry the suit higher, would be an effort to get a hearing in the United States Supreme Court. There is no information available at this time regarding plans for future action, attorneys state.

Another suit brought in an effort to break the suit is pending in the Marion County Court of Common Pleas, having been filed there by several of the minor heirs. This action has no connection, however, with the one being fought out in the federal courts.

The will that is the basis of the court controversy was drawn up by Bud Bradley, a bachelor who resided in the old Raichley homestead at State and Church-sts. across from the postoffice, Jan. 4, 1924. It specifies that should any of the heirs try to set aside the will they shall be given bequests of only \$5 each.

Start Suit

Mr. Raichley died only a few months after signing his will and suit to set aside his provisions was brought shortly afterward by Mrs. Berg and Fred Raichley.

Attorneys for defendants in the suit, who received notice Tuesday of their victory in the Federal Circuit Court of Appeals, are J. H. Eymann, representing executors of the will, and John H. Bartram, Fred E. Guthrie and Grant E. Mouser, Sr., representing the Masonic Temple Co. and several other local heirs.

The plaintiffs are represented locally by William P. Moloney and also by law firms in Kansas City and Toledo.

All of the local attorneys with the exception of Mr. Moloney took part in presentation of arguments before the Federal Circuit Court of Appeals at Cincinnati on Oct. 13.

They have staged a series of hold-ups and robberies along the route of the Hocking Valley Railway during the last few months. They are held at City Prison awaiting possible identification by victims of the robberies.

Frank Nett, a Hocking Valley employee residing at 101 E. Broadway, Columbus, is expected here today to confront the suspects and ascertain whether they are the two negroes who held him up and robbed him of \$32 at Carey, Sunday. Carey and vicinity has been the scene of several robberies, two men having been held up there several weeks ago.

Solomon Hering, whose complaint to police led to the arrest of Bryant and Williams, is held at the County Jail as a material witness. He relates that when the northbound Hocking Valley freight train on which he was riding stopped at Delaware early Tuesday night and he stepped off to hunt for a more comfortable berth, he met Bryant and McWilliams, who covered him with their revolvers and ordered him into a box-car. After searching him and finding that he was without funds they explained that they had not planned to rob him but thought that he "might be a detective."

Hering rode with the two men to Marion, where all three left the train and Hering hurried to the up town district to notify the police.

Evidence that Bryant and McWilliams have been in Marion during the last few months was obtained from Otis LaVette, colored, proprietor of a pool-room on Hocking-st., who says that they have been in his place of business several times. The LaVette poolroom was the scene of a shooting affray several weeks ago in which Henry Johnson, colored, was wounded by Richard McKinney, colored, as a result of rivalry over the coloreds of a woman.

How careful British novelists are to give the exact locations of their scenes and how equally careful American novelists are to conceal theirs.

He relates that when the northbound Hocking Valley freight train on which he was riding stopped at Delaware early Tuesday night and he stepped off to hunt for a more comfortable berth, he met Bryant and McWilliams, who covered him with their revolvers and ordered him into a box-car. After searching him and finding that he was without funds they explained that they had not planned to rob him but thought that he "might be a detective."

Hering rode with the two men to Marion, where all three left the train and Hering hurried to the up town district to notify the police.

Evidence that Bryant and McWilliams have been in Marion during the last few months was obtained from Otis LaVette, colored, proprietor of a pool-room on Hocking-st., who says that they have been in his place of business several times. The LaVette poolroom was the scene of a shooting affray several weeks ago in which Henry Johnson, colored, was wounded by Richard McKinney, colored, as a result of rivalry over the coloreds of a woman.

How careful British novelists are to give the exact locations of their scenes and how equally careful American novelists are to conceal theirs.

Mrs. Koenig's Recovery Surprises Husband

Suffering from Headaches, Stomach Trouble and Nervousness, Recovers Lost Health. Thanks Taniae

The experience of Mrs. Edna Koenig, well known housewife of 708 Wilson Ave., Youngstown, Ohio, is the experience of thousands of others who after years of suffering have found grateful relief and new strength in this wonderful tonic and remedy.

Mrs. Koenig found herself unable to eat without suffering from indigestion and gastritis, bothered by dizzy spells that made it dangerous for her to go out on the street, too weak to do her housework.

She says: "Days of pain caused by stomach trouble and nervousness followed sleepless nights. The sight of food nauseated me. I ate very little and became so weak and run-down that I couldn't do anything."

"I tried everything for relief. Then a friend told me about Taniae. I bought a bottle and took it. I felt stronger. Glorious health has brought me happiness. And my husband is delighted with the improvement. I will always thank Taniae."

Results after taking the first bottle will amaze you. Ask your druggist for Taniae today! Over 10 million bottles sold.—Adv.

TO TAKE BIDS FOR NEW CITY CARS NOV. 23

City Director Will Receive Bids for Police Auto, Garbage Truck

Bids for a new automobile for the police department and a one for the municipal garbage service, authorized in ordinance by City Council, Monday will take place at 1 o'clock when bids will be received from dealers. Legal notice of this was prepared for publication by City Clerk H. E. Hizon.

The police car will be repaired by W. L. Strayer, director of safety, and for the garbage service by A. J. Benedict, director of service and awards will then be made by the City Board of Control, one of the two directors and Hizon.

\$1,800 Limit
The price of the police car is limited to \$1,800 and no definite figure is set for the cost of the garbage truck. The specifications, however, that the truck shall be of one-ton capacity, and for both purchases is available to the police and garbage departments.

According to preliminary plans, the new Cadillac machines now in use for the police will be traded for a new automobile which will be used in connection with the \$1,800 car authorized by Council. The larger machine will be used chiefly for answering emergency calls, it is stated.

Purchase Authorized
City Council authorized purchase of the new police car after a rather lengthy discussion at Monday night's session, when one of the councilmen, John L. Owens, voted against the purchase. He was of the opinion that the Chrysler and Cadillac cars should be repaired and kept in service.

According to statements of police and other city officials, however, both Chrysler and Cadillac are beyond repair and practically "ready for the scrap heap." Today City Director Strayer exhibited a garage bill of more than \$200 for one month's repairs on the Chrysler to show that it would be unwise to attempt retaining it in service. The Chrysler and Cadillac were repaired and well worn when obtained by the police department, through liquor commissions, officials say.

Conscience is largely a matter of education—consequently, an unsafe driver.

CONVICTS MAKE BOLD DASH FOR LIBERTY

Within eight hours after thirteen convicts in the Ohio State Penitentiary, Columbus, had slugged and shot their way to freedom, twelve have been recaptured. Top left: Ditched auto, riddled with bullets; eight convicts seized this car outside the prison walls, throwing out the woman driver; right, George Bennett, one of four prison guards beaten down; lower left, George "Jiggs" Lestelner, leader of the attempt, serving life for the murder of an East Cleveland policeman; lower center, William H. Payne, secretary to Warden P. E. Thomas, killed about his head in trying to prevent the escape. Four of the convicts were wounded before being taken. Five of those who joined in the attempt were doing life sentences for shooting policemen.

NOW PHYLLIS HAS ROSE CHIEFS

I always liked Phyllis and I felt sorry for her. She never had many good times. Just pale and "washed out looking." Tired easily. Never went in for sports like the rest of us. But now, why I never saw such a change! I hardly know her. She had gained five pounds. She'd been playing tennis and, honestly, she looked glad to be alive. "What have you done to yourself?" I demanded. "Lidia E. Pinkham's Vegetable Compound," she laughed. "It's also taking the pills for constipation. Better try them yourself." Are you on the Sunlit Road to Better Health?—Adv.

"VINCO" HERBS A BIG SUCCESS

Millions of Boxes Sold Without Advertising Proves Its Merit

Although never advertised till now, millions of boxes have been sold. "VINCO" has proved effective in thousands of cases of chronic indigestion, constipation and is especially recommended for elderly people.

If constipated, bilious, or you have a sour, gassy stomach, feel irritable and have no energy, don't fail to try "VINCO" Herb Tablets. Get a box of your druggist. Take "VINCO" tonight! Feel fine tomorrow! It's a double day's work! Keep feeling and looking young!

Not a drop of dope in "VINCO." Made of herbs, roots and barks—a pleasant, harmless chocolate coated tablet. No gripping, no nausea. Acts gently, yet thoroughly—always does same—always effective—brings relief where ordinary laxatives fail. Ask your druggist. He knows and guarantees "VINCO" Herb Tablets.

Don't fail to try "VINCO." Also do a kindness by telling others about this simple, effective, laxative. They will appreciate the difference between harsh physics and gentle, harmless "VINCO" Herb Tablets.—Adv.

EVANGELIST SPEAKS ON "THE REVIVAL"

Rev. Harry W. Von Bruch, evangelist, who is conducting revival services at Calvary Evangelical Church, Tuesday night spoke on the subject, "The Revival" at the well-attended service last night.

In showing the need of a revival to lead men to Christ, Rev. Von Bruch said: "Men are confusing; faith is breaking; governments are tottering; statehoods are lost; it is a storm at sea with no ray of hope to guide us, apart from God's word. If there ever was a time when 'the faith delivered unto the saints' needed to be upheld it is now. With the flood of infidelity, modernism and doubt sweeping over the land, nothing will save us but a revival of practical Godliness. Remove the church and its Christian influence in a community and property value would be decreased to 50 cents on the dollar in a short time."

In conclusion Rev. Von Bruch said: "The greatest and grandest need in the world is the church of Jesus Christ. It has always been the purest and holiest thing of the age and now must be revived if it can survive."

Miss Bertha Dixon Loes, pianist, and Harry B. Clarke, vocalist, who accompanied the evangelist, gave several musical selections. Rev. H. E. W. Wiedeman, pastor of the Calvary Evangelical Church, was in charge of the devotionals.

Mrs. Clarke will conduct a children's

meeting at 4 o'clock this afternoon while services at 7:30 o'clock tonight will be in charge of Rev. Von Bruch who will speak on "The Kind of a Revival We Need."

STRIFE STILL RIDES ABOARD TRAIN OF QUEEN

Virtual Censorship on Views Is Imposed by Representative of Premier

Albion Queen Marie's Special Train, in Colorado, Nov. 10, despite an attempt to "peace banquet" the internal strife aboard the Roumanian special continued today as the royal party arrived in Denver.

Strained relations, bordering on an open rupture existed between the royal entourage and the officials in charge of the train following the imposing of a virtual censorship over news emanating from her majesty by Prof. Nicholas Petrescu, representing Premier Alexandru of Roumania. A special car today was at the disposal of King-Fuller, late friend of Queen Marie and direct cause of the new storm center. This car, furnished by Col. John H. Carroll, official host to her majesty, was ready to take Madame Fuller to New York or any other place she desired.

In addition, Col. Carroll announced that Mrs. Birkhead, press agent of Mme. Fuller, would leave the train at

Denver. Mrs. Birkhead, charged with the task of keeping the press informed of the queen's activities, was ordered to leave the train. The queen's press agent, however, was permitted to remain on the train. The queen's press agent, however, was permitted to remain on the train.

YOU'LL LIKE TRADING AT SCHAFFNER'S

A word to Out-of-town folks —

If you are able to get the assortment, to find just what you want in style and quality in your local dealer's store, we advise by all means that you trade with him instead of coming to Marion.

If, however, you cannot get the assortment to choose from, or cannot get a price that you think is all right—then we would like to have you try Schaffner's.

Our trucks are making out-of-town deliveries daily, and there must be a reason for that. Out-of-town folks are good advertisers — if a store treats them right.

Patsy's Patter

Gossip and Guesses in the
World of Sport

By Pat Murphy

THE friendly relations between Harvard and Princeton are threatened. The Harvard "Lampoon" got into a series of cartoons and an editorial published just prior to the football game last week. The "Princetonian" has taken up the cudgel. For old Nassau, and a merry fight of words is on, much more interesting, at least from the Harvard standpoint, than was the game between the football teams representing the two schools. Yale is expected to once more step into the breach and act as mediator. The New Haven college does not want to see the "Big Three" broken up.

THE boxing season in Marion is about due. It is to be hoped that the committee making the arrangements for the winter shows will bring good boys here who are not so close to being champions that they have the idea that the customers pay to see them lose, rather than to see them fight. No doubt the fight fans of Marion would relish a sight of a champion or a near champion some time after the season has opened, but for an appetizer we would suggest boys who still are making their reputations, rather than those who travel on a reputation already made, and nothing more.

THE stunt now being pulled by "Tireless Bull" Bradley calls to mind the fact that the city-broke sports in Boston and New York still fall for the time-honored steady bicycle race. One of these week grinds has just finished in Boston, and another is about to start in New York. How would you like to follow Bradley around during his entire drive? Hundreds of fans stick for an entire six-day race, living on "hot dogs" and synthetic coffee, and catching "cat naps" when the old peepers refuse to stay open any longer.

HOW much a particular sport which has no general appeal can become dependent upon one man is indicated in the recent announcement that the Duluth Boat Club, which, in a history covering more than forty years, turned out crews which took scores of records and trophies in national and international competition, had sold its boats and houseboats and dismantled. The only reason given for the action was the removal from Duluth to New York City of Julius H. Barnes, a versatile grain merchant, who has been nearly the sole backer of the boat club for several years.

THE stove league managers have Manager Joe McCarthy of the Chicago Cubs after Frankie Frisch, Giant infielder. Joe may be able to get Frankie away from Maricopa, but if he does, he will not have enough players to make the Giants a real contender for the pennant. So far rumor has it that the Little Napoleon will ask, among others, Catcher Gabby Hartnett and Pitcher Tony Kautman in part payment for the Fordham Plaza. At that rate of exchange, he could well afford to part with his star infielder.

IN picking a "logical" opponent for Tunney, why spend all our time considering Persson, Delmer, Paolini and other foreigners? Why not go to the town where Gene won the championship and look over Tommy Loughran. This kid is as good as any of the foreigners who are here or on their way here and being knocked up for the big shot. And he is willing to take on any of the home talent or the importations to prove his "availability." While acting as training mate for Dempsey at his Atlantic City camp, Tunney was the only one of the sparring partners who was willing to stand toe to toe with the then champion and walk away.

MILLER SHAKES ROSS Hamilton, Nov. 10—"Speedy" Miller, local boxer, got slight shade over Vic Ross, Cincinnati, 10 rounds. Jimmy Harris, Cincinnati, got decision over Al Ureter, Middletown, six rounds. Art Segal, Dayton, knocked out Kid Smith, Cincinnati, in second round of six round bout.

Shovel Cagers to Open Season in Marion Dec. 14

Bacon's Team Will Tackle
Kenyon College Quintet on
Company's New Gym Court

Some of Best Basketball Players in Country To Be Seen in Action with Local Outfit; Many All-Ohio Players Signed To Play

The Marion Steam Shovel Co. cage team will open the season here, Tuesday night, Dec. 14, when it ties up with the Kenyon College Quintet on the Shovel gym.

This announcement was made today by Manager F. W. Bacon of the Steam Shovel outfit.

Some of the best cage men in the country will be seen in action with the Shovel quintet this year, according to the tentative line-up presented by Manager Bacon today.

"Baldy" Crompton, all-Ohio forward on the Wittenberg base and coach of the Harding High cagers, will hold down a forward position. Delaney, formerly of Ohio Wesleyan and all-Ohio choice for three years, will play the other forward. "Hulk" Wilson, formerly of Denison University and all-Ohio man for two years, may also be seen at forward during the season.

Pough, formerly center on the Tabernash University team, now employed at the Steam Shovel, will serve as tail end man. Pough is one of the tallest centers in the game, standing six feet and eight inches and weighing 215 pounds.

Bacon At Guard

Manager Bacon, former guard of Wabash College and star with the Ft. Wayne Knights of Columbus, Dayton Triangles and Indianapolis Elm Rovers, will line up at a guard position.

Last year's stars are coming back and will include Columbia, formerly of Heidelberg University; Cliff Ward, Scoop Irwin, Worden, and H. Gross.

Some of the leading teams of the country will appear in Marion during the coming season, opposing the Steam Shovel quintet, while the local squad will play return games out of town.

The first out-of-town game comes Dec. 17 when the Shovel five meets Muskingum College on the latter's floor.

Tentative Schedule

The schedule for the coming season has not yet been completed but among the teams certain to oppose the locals some time during the winter include Ft. Wayne Knights of Columbus, Dec. 23; Meiners' Post, Jan. 1; L. B. Harris, Jan. 10; Cincinnati, Jan. 8; Cincinnati, New Era Club, Ohio; West, Jan. 10; Illinois College, and the Firestone Tire & Rubber Co. of Akron.

Negotiations are being made by Manager Bacon to schedule games for the Shovel team to be played at home and abroad with the Buffalo All-Americans, Cleveland Rosenbushes, Keyes, Col. Legions, New York Celtics, Lancaster, Rochester Centrals, and Palace Club.

One of the most interesting teams scheduled to appear here this season is a battle with the Steam Shovel team is the Industrial Mutual Association of Flint, Mich. This quintet includes leading players of this country with Mike Nykies of Notre Dame, Red Cherry of Michigan, George Haggerty of Michigan, "Kip" Cuyler of baseball fame, and Dutch Hendrick of national basketball and football fame.

All home games will be played on the Steam Shovel gym floor.

PRINCETON IS
NOW FAVORITESalient Factors in Winning
Football Shown by
Tigers

New York, Nov. 10.—Princeton rules a favorite over Yale for the gridiron honors in their engagement in Palmer Stadium on Saturday.

The well-deserved victory of Bill Rogers' Tigers over their crimson rivals in Cambridge is the factor that lifts the orange and black above the blue.

In defeating Harvard, the jungle town outfit showed a diversified attack and a copper-riveted defense, two important factors in winning football.

Yale has played good and poor football this fall. After New Haven squad trimmed Dartmouth the gridiron authorities looked to see them go through to their final games with a clean slate.

The Army is to blame for the troubles of the Elks. Bill Jones' West Point charges broke the confidence of the blue warriors. It was not so much the strength of the soldiers as it was the unfortunate mistakes of "Fat" Jones' players that caused this loss of confidence. West Point scored one touchdown on Yale errors. The line went into the game on Saturday with the same confidence. They will be relying on their reputations, a far different position on some former occasions. It may be this change in psychology will have its effect on "Fat" Jones' line.

BENTZ TIRES AND
MOTORCYCLES IN
WINNING STRIDEEach Team Wins Two
Out of Three
Matches

Marion Motorcycles and Bentz Tires were winners in the Y. M. C. A. National League bowling matches last night.

After losing the first game to the Marion Pirates, Bentz Tires came back strong and rolled to victory in the second and third contests of the match.

Snyder led the Bentz team to victory by rolling 265 points in the second game and counting 190 in the third. Wheeler bowled 212 for the Pirates.

The Marion Motorcycles won two out of three games with Smart & Waddell, taking the first contest, dropping the second and scoring a victory in the final game. Wilson of the Motorcycles was high scorer of the match with 213 points. Anthony and Hane were tied for first honors on the Smart & Waddell team, both rolling 183 in a game.

Jim Dugan's men still are in the lead in the National League standing, after the sixth round of play. They strengthened their hold on first place Monday night by taking three consecutive games from the Midland Mutuals.

Other games in the sixth round failed to change the league standing.

without a doubt, is Captain Marty Karow, fullback and all-around mainstay of a mighty fine team.

Karow's performance in Ohio's first five games stamp him as the outstanding back of the middle west. He not only has carried the brunt of Ohio's offensive attack but is a defensive star seldom equaled.

He is the leading scorer of the middle west and after his first five games led the entire country, east and west, in the number of touchdowns scored—having crossed his opponent's goal lines 10 times.

But Karow is not the lone candidate Ohio will offer for All-American honors. Ed Hess, guard, is playing the same star game that won him his place on the All-American team of 1931. He'll be hard to displace this fall.

COUNTY ATHLETIC
BODY WILL MEET

To Discuss Plans for Basketball in Rural Schools

The athletic committee of Marion County schools will meet tonight in the office of Supt. C. H. Rayburn to discuss plans for the coming basketball season in the schools.

The committee this year is composed of Thurl Stephens of Claridon, M. J. Ellis of Asosa, and H. W. Rabeck of Tully Township School.

Practically every school in the county was represented by a basketball team last year.

Marion Business Men's Club
To Open Volley Ball Season
Wednesday Night, Nov. 1Captains of Eight Teams in League Selected; Organization
Meet Thursday Night at Y. M. C. A. To
Discuss Loop Plans

Volley ball teams of the Marion Business Men's Club will open the season Wednesday, Nov. 17, P. O. Reilly, president of the Y. M. C. A. announced today.

Captains of the eight teams composed of the Y. M. C. A. building are Russell, Sore, J. P. Murphy, Roy Waddell, Robert Smith, R. K. Hill, Virgil Powell, Rodney Hume and Charles Isaly.

Popularity of this sport in Marion, and particularly among the business men of the city has grown in leaps and bounds during the last three years. From all indications it still is the most popular of the sports which are played in the business men's club.

They support it by seldom missing a game, be it one between two teams or one that has been called to settle the dispute to a final point.

Among the many men who have taken part in net matches and who have won prizes are: J. P. Murphy, Roy Waddell, Robert Smith, R. K. Hill, Virgil Powell, Rodney Hume and Charles Isaly.

Tad Jones, Under Fire, Will Resign at End of Season, Latest Rumor

By DAVIS J. WAUSH
 Nov. 10.—Charging that Tad Jones, head coach of the Yale football team, "should" be a "fancied" person and was the cause of the "Yale" football team's "downfall," a "Yale" student body committee, which was organized for the purpose of "sweeping reforms" at the "Yale" football team, has issued a statement that Tad Jones, head coach of the Yale football team, "should" be a "fancied" person and was the cause of the "Yale" football team's "downfall."

At the end of the current season, come what might. The propagandists are no obscure and unimportant group of ground-swell managers. In fact, the names of some identified with the movement would cause a great elevation of the astonished eyebrow. They are among the biggest men in Yale's great past and quite a few of them are personal friends of Jones. The paramount issues raised by

the anti-Jones element are these: First—That Yale players have been encouraged to take an exaggerated view of minor injuries, thus making for the large list of "scrapped" this year. Second—That the players spend their leisure in costly motor cars, declining to walk even a few blocks to the training table. Third—That they are social butterflies in the off-season, playing the house parties instead of the

examinations, and repeat in the fall physically unfit for football. Fourth—That the training system is a joke. George Tompkins, a Yale player, has been so severely injured that he has been unable to give his forward three consecutive minutes of instruction without interference. Fifth—That the coaching staff has been together so long that it has become a social clique, as much concerned with the daily golf scores as with those on the football field.

Sixth—That the hands of Marion Taylor, line coach, have been so severely tied that he has been unable to give his forwards three consecutive minutes of instruction without interference. Seventh—That Louis F. Stoddard, chairman of the athletic committee, is a great polo player, but nobody's masterpiece when it comes to determining the football policy at New Haven.

Eighth—That Jones has a "fancied" person and was the cause of the "Yale" football team's "downfall." Ninth—That Jones has a "fancied" person and was the cause of the "Yale" football team's "downfall." Tenth—That Jones has a "fancied" person and was the cause of the "Yale" football team's "downfall."

complaints that have passed through the unheeded clearing house of graduate opinion. This movement, frankly, is that Jones is a "fancied" person and was the cause of the "Yale" football team's "downfall." It is a "fancied" person and was the cause of the "Yale" football team's "downfall."

It is probable that Jones will resign at the end of the season. The new man must be a Yale product, he must have been an outstanding player in his day for the sake of inspiration now and he must be of the new school. Jones and Richardson, members of the 1924 backfield, are under consideration by the self-constituted selection committee.

Steam Shovel To Open New Gymnasium Night of Dec. 4

The opening of the new Steam Shovel Gymnasium is scheduled for Monday, Nov. 15, at 8 o'clock. The program of the evening will be featured by a performance by the Steam Shovel Co. The gymnasium will be completed within a few days at a cost estimated at \$30,000. It will be used primarily for recreational events of the Shovel employees, including basketball games of the departmental teams. In addition, all home games of the independent professional company team will be staged in the new gym.

Knights of Columbus Challenge Isalys to Decide City Basketball Championship

WE challenge Isalys Dairies to a contest Nov. 24, to decide the city basketball championship of Marion. C. C. Silva, coach and manager of the Knights of Columbus basketball team, is issuing a public challenge to the Central Ohio semi-pro champs. Coach Silva further says that in

case the Isalys Dairies take up the challenge, the game will be the first of the season for both quarters and will be played in the Star Auditorium. At present, Isalys' five has engaged the auditorium for a game with the Fountain Peas of Columbus on the night preceding Thanksgiving Day but if the challenge is accepted it is possible that

the previously scheduled contest may be postponed. The K. of C. basketball team has been put through many hard practice sessions during the last few weeks and are practically in mid-season form, Coach Silva said today.

Names of those who will probably be in the starting line-up of the first game are withheld until a few more practices are staged and Coach Silva is certain of his choice. It is probable, however, that practically the same team that composed the team last year will hold down positions in the lineup this season.

Under the instructions and care of Coach Silva, the K. of C. team is developing into what may prove to be one of the best outfits in Marion and surrounding cities.

Last year marked the first basketball season for the local fraternal organization and with the same crew this winter, the K. of C. should furnish some stiff competition for all comers.

At present, the local team have made arrangements for games with teams of Canton and Upper Sandusky, although no definite date, have been set for the contests. In addition to sponsoring a cage outfit, the Marion Knights of Columbus are organizing a bowling team which promises to be one of the best in the city. Several men who rank among the best bowlers in Marion are expected to occupy positions on the team.

World Champion Horseshoe Pitcher To Toss Match Here

Todd Mossman, world's champion horseshoe pitcher, of Elkhart, Colo., will pitch against John Harroff of the Steam Shovel team in an exhibition match on the Steam Shovel courts, at 7:30, Saturday night.

Mossman has been instructing members of the company's team, preparing them for matches with other organizations during the winter. Much interest is being manifested and indications are that horseshoe pitching will range among the popular winter sports in the vicinity of the Steam Shovel.

BISHOPS GETTING BACK INTO FORM AFTER BAD START

Recovering from Loss of 12 Lettermen by Graduation

Delaware, O., Nov. 10.—Ohio Wesleyan's gridgers, after getting off to one of the worst starts in recent Wesleyan football history, are beginning rapidly to mould themselves into a powerful aggregation. The Bishops in the last two games against Ohio and Wittenberg have made 24 first downs against five for the opposition. Wesleyan gained 514 yards in both contests to 159 for the opponents.

Wesleyan scored only seven points in both games, the opposition making six. The Methodists finally have fallen into step with Gauthier's system of rhythm and co-ordination and it is predicted they will begin turning their offensive power into bigger scores by the time they meet Western Reserve at Cleveland next Saturday.

The loss of 12 lettermen by graduation last June gradually is being felt less and less as the team has been developing offensive punch and now that the Bishops have taken on rhythm and teamwork they are expected to wind up the season in championship style. Already they are tied with Ohio University for the Buckeye Athletic association championship and if the Bishops win from Denison in the final game of the season here on Nov. 20 while Wittenberg defeats Ohio, the Methodists will have annexed their second consecutive Buckeye football title.

The team will make the trip to Cleveland early Saturday by special train, along with several hundred rosters and the university band. Hundreds of other Bishop adherents will make the trip by motor.

GAUTHIER SAYS ELIMINATION OF SCOUTING WRONG

Move Would Handicap Rather Than Help, Claim

Delaware, O., Nov. 10.—Instead of being a step toward better athletic relations, the elimination of scouting in intercollegiate football would be a move in the opposite direction, in the opinion of George Gauthier, director of athletics of Ohio Wesleyan University.

Contrary to popular conception, scouting is NOT stealing the other team's signals but instead it is strategy that is intended to strengthen the offensive play of the team which the scout is representing, Gauthier said.

"All the scout wants is the formation of the team. It is not difficult to anticipate plays once the defending team has the opponent's formation," the Wesleyan mentor asserted.

If scouting is abolished, alumni would attempt to scout on a smaller scale and send their "information" to their alma mater. It would not be long before a feeling of distrust among all schools would exist, Gauthier added.

At a recent meeting of the Buckeye Athletic Association of which Wesleyan is a member, it was proposed to send only one scout once during the season to watch a team on his school's schedule. Further discussion on this proposition may be made by the organization in an effort to prevent an overdoing of the present scouting system.

90,000 FANS TO SEE STATE GAME

All Columbus Today Takes Up Cry, "Beat Michigan"

Columbus, Nov. 10.—Close to 90,000 football fans will be in the Ohio Stadium here Saturday when Ohio State meets "Hercules" Yost's Wolverines in Ohio's gridiron classic, according to Director of Athletics L. W. St. John today, as he looked about the huge horseshoe directing the unfolding throngs for extra seating capacity.

Meanwhile, the entire city was taking up the cry, "Beat Michigan," and scores of the two schools burst forth in hundreds of store display windows, homes and even streamers across the streets.

Couch Wilco was resting today with his progenies after a strenuous workout on a slither muddy gridiron Tuesday, and expected to run the boys through another still practice this afternoon.

Every reserved seat in the stadium has been sold for weeks. All reservations in the press boxes have been taken. Twenty-three extra trains will pour in visitors from Friday night until 1 o'clock Saturday afternoon. Hundreds of extra taxis have been pouring into the city while traction company officials are prepared to start running a continuous stream of trolleys on the stadium route.

W. W. McCOY IS TO BE ARMISTICE DAY SPEAKER

Kenton Post To Hold Observance Program at Armory Thursday Noon

Kenton, Nov. 16.—W. W. McCoy, Mechanic, prominent attorney and veteran of the world war, will address the community Armistice Day celebration here Thursday noon. McCoy, 41, it was announced today by William Leffert, commander of the Kenton Post of the American Legion, sponsors of the observance.

More than one thousand people from Kenton and vicinity are expected to take part, commemorating the end of the great conflict and in paying tribute to those who did not come back.

Services will open at 10:30 a. m. in the county armory and at 11 o'clock the assembly will face the East and observe a two minute silence and meditation as a mark of respect to the heroes. A salute will be fired by a squad of national guardsmen under command of Captain Loucks B. Brown and Lieutenant Clifford Bailey, and taps blown.

Details of the program were not completed until late Tuesday after the armory had been reserved from Attorney McCoy that he would speak.

The Kenton high school band of sixty-five pieces, directed by Capt. L. E. Willes, and a quartet of mixed voices, directed by Miss Frances Harrison, will provide the program of music. Members of the quartet are Mrs. Carl Ellis, soprano; Mrs. Edison Brown, contralto; Truett Brown, tenor, and Dr. W. F. Wurth, bass.

Patriotic groups as well as other organizations of the city will join with the legion in the observance and numerous stores will close during the services.

CURRENT EVENTS CLUB MEETS AT WELCH HOME

Nevada Organization Takes "A Study of O'Henry" as Discussion Topic

Nevada, Nov. 16.—The Current Events Club held a meeting on Monday evening at the home of Miss Leahy Welch, south of town.

Eleven members were present and discussed current events at roll call. The topic for the evening, "A Study of O'Henry," was then taken up, with Miss Leahy Welch as leader.

A fine discussion of the biography of O'Henry, and also the style of his writings, were given by the leader. Following this the following stories were read by a number of the members: Miss Cuba Pfisterer read "The Making of a New Yorker"; Miss Rose Schwartz, "Furnished Rooms"; Miss Hattie Fleming gave "The Unfinished Story"; and Mrs. Rita Heiland "The Gift of the Magi."

The meeting in two weeks will be held at the home of Mrs. Dina Barrett.

GALION GIVEN CANNON USED IN WORLD WAR

German Gun To Be Placed on Concrete Base in Park

Galion, Nov. 16.—Galion is to have a souvenir of the World War, a Light German gun captured by doughboys in the trenches of France, which was awarded to this city after a deliberation of several months. Every county in Ohio is to receive one of these guns and it took many weeks for a decision to be reached as to which of Crawford county's towns should perpetuate the trophy. The American Legion officials of Crestline, Bucyrus and Galion held many meetings and at length Bucyrus Legionnaires relinquished their claim asserting that Galion was the ideal place for the War memorial.

The cannon arrived today and will be kept at the freight office until suitable arrangements are made for its transfer. The relic of war time will be placed on a huge concrete base and set up in a prominent spot in the park surrounding the Big Four station. Elaborate dedication exercises are being planned by Scarborough Post of the American Legion.

MISS VIRTUE WINTER IS PEACE CONTEST WINNER

Nevada Eliminations Held Sunday Morning at Methodist Church

Nevada, Nov. 16.—Miss Virtue Winter was the winner in the Prince of Peace declamation contest at the Methodist Church Sunday morning. The subject chosen by the winner was "Why A Peace Movement," the same subject being chosen by Wilbur Kuenzli, winner of first prize at the Lutheran church.

The other contestants were Hoover Hinder and Larson Hinder. The judges were Abby John T. Carey, County Supt. J. H. Grove and Judge Reynolds all of Upper Sandusky.

Special music was furnished by the Sunday School orchestra, also a vocal duet by Virtue Winter and Paul Huff.

MRS. PADGETT HOSTESS TO O. of A. R. MEMBERS

Galion Chapter Elects New Officers for Coming Year; Work Planned

Galion, Nov. 16.—Mrs. E. B. Padgett was hostess to the members of the local chapter of the Order of the American Revolution, as her home on Chicago street was the scene of the chapter meeting. The chapter officers were elected and the work for the coming year was planned. Mrs. Padgett is the president of the chapter and her husband is the secretary.

Officers were elected for the Galion chapter, consisting of Mrs. L. B. Padgett, president; Mrs. J. A. Jenkins, vice president; Mrs. G. L. Stiefel, secretary; Mrs. E. P. Moore, treasurer; Mrs. Fred C. Miller, registrar and Mrs. W. J. Geer, historian.

Congratulations were from presidents of the chapters of neighboring cities were read and the guests present offered many helpful suggestions concerning plans for the coming season.

At the close of the business session Mrs. Padgett served a dainty luncheon and Mrs. Eleanor Morgan (absent) socially entertained the ladies with several numbers.

Much interest is being shown in the new society and if the extensive program planned is carried out civic projects will greatly benefit.

Leopold and Astrid are United in Solemn Ceremony

BELGIUM IS GAY IN WELCOME TO NEW PRINCESS

Artillery Salute Fired to Notify Throng of Start of Procession

Brussels, Nov. 10.—As the bells of the cathedral of St. Gudule rang out and guns boomed, Crown Prince Leopold of Belgium was today married to Princess Astrid of Sweden, in a solemn ceremony in the cathedral, the religious confirmation of the civil ceremony held last week in Stockholm.

Belgium was gay in its rejoicing over its new princess and no such demonstrations have been seen since that November day eight years ago almost to the day, when the World War came to an end.

An artillery salute of 21 guns resounded before the royal palace at 10:30 o'clock notifying the great throngs that the wedding procession had started.

Two squadrons of guards with colored flags, noted as an escort for the wedding party.

Greeted at Cathedral
Close behind their carriage came the royal coach bearing King Albert, Queen Elizabeth and Crown Prince Leopold. In a third state carriage rode Prince Charles and Princess Ingeborg, the parents of the bride and Princess Astrid, the cynosure of all eyes and the object of much adulation.

The wedding party after its ride through throngs of demonstrative admirers, drew up before the Cathedral of St. Gudule and on every one of the 31 stone steps leading to the cathedral door were two lieutenants from the 78th regiment, with swords drawn, forming an arch of glittering steel beneath which the wedding party ascended to the cathedral to receive the religious benediction.

Monsieur Van Rye, successor to Cardinal Mercier as primate of Belgium, greeted the party at the cathedral door, even though he had originally declined to participate in the ceremony, opposing the union because of the difference in religion. It was stated that it was on the advice of the pope that he decided to officiate.

The wedding party proceeded up the

cathedral aisle and took their places before Monsignor Van Rye, near the altar, outside the altar because the bride is not a Catholic.

Merry Wedding Party
Monsignor Van Rye blessed the rings and performed the brief ceremony, the entire service lasting but a quarter of an hour.

It was a merry wedding party, including both royal families, that sat down to a luncheon at the palace that day.

FORD DREAM OF SMALL VILLAGE TO MATERIALIZE

Property He Needs Is Offered to Him at His Own Prices

South, Spillbury, Mass., Nov. 10.—Here Ford's dream of a miniature industrial village here, as a parallel to his interests in the historic Weymouth, may soon materialize. Property that he must acquire to realize his dream is gradually being offered to him at his own prices, by residents who desire to see the community thrive under the Ford business supervision.

The old C. O. Parmenter mill, a landmark in this section of the state, dating back to Colonial days, has been offered to Mr. Ford with only one stipulation—namely, he must have a factory for the manufacture of small parts for motor cars used in the Ford automobile.

With the acquisition of this property, and the establishment of the new factory, employment would be given to at least 75 people. All employees would have to be residents of Spillbury, according to Mr. Ford, until the time when it was found that expansion warranted the employment of outsiders.

The only obstacle to an immediate start in the work of erecting this village now seems to be the narrowness of three land owners who hold narrow strips of property along Wash river. This land is desirable in the furtherance of the Ford plan. The owners have asked as high as \$200 an acre for the land, which according to town officials is not worth over \$5 an acre.

FIRST DEGREE MURDER VERDICT FOR WORKMAN

No Recommendation of Mercy for New Richmond Slayer of Wife

Batawin, Nov. 10.—Guilty of first degree murder without recommendation of mercy.

That was the sentence hanging over the head of Scott Workman, New Richmond farm tenant, today, following the report of the jury after the conclusion of his trial for murdering his wife, Nora, last August.

Workman had admitted he fired three shots into his wife's body while she was nursing an eight-month-old baby at her breast; he pleaded for mercy, however, on the grounds that he was insanely intoxicated at the time.

It was the first verdict of first degree murder without a mercy recommendation in Clermont County for 36 years.

A motion for a new trial will be heard Saturday, at which time the court will pass sentence.

The crime, which carries a death sentence, left nine children motherless. Seven of them are now county charges.

KENTUCKY TOBACCO CROP FILLS SHEDS TO CAPACITY

Paris, Ky., Nov. 10.—Providing all the tobacco now crammed into storage houses in this section of Kentucky is sold, there would be considerable money "go up in smoke" this season.

According to reports, emanating from all nearby counties, every tobacco barn for miles around is filled to capacity, despite the fact that the recent wet weather was disastrous to a great portion of the housed stock.

GERMANS CLAIM RADIO ABUSED FOR POLITICS

Berlin, Nov. 10.—Political radio censorship has been introduced by the Minister of the Interior of the Reich, following many complaints by Republicans that the radio was abused for political propaganda against, or at least not in favor of, the Republic. A committee of three men has been appointed by the Minister, consisting of two Socialists and one Communist, whose party is a loyal supporter of the Republican Constitution. This new measure roused considerable comment and resentment among the Nationalists.

BOYS—MOTHERS

See this Machine!

In Our East Window All This Week

You've heard about our "Craven-ette" Processed Clothes for Boys. Also you've probably heard us say that these clothes shed water, and wear longer.

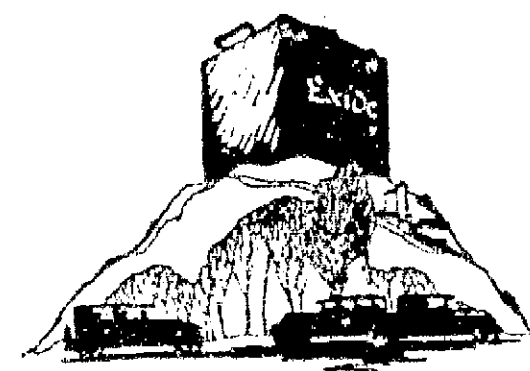

Well, this week in our front show window, we are conducting an interesting demonstration that shows you why.

We show you a blotter that won't get wet. We show you a magic powder which permits you to dip your finger in a glass of water without getting wet. And finally, we show you an interesting machine that bores holes in cloth.

Certainly, if you are interested in keeping your boy bone dry on rainy days, and well dressed every day, you'll see this novel demonstration.

THE LONG-LIFE BATTERY FOR YOUR CAR

A Sound Formula for buying a battery

A BATTERY should never be a casual purchase. There are three important things to consider before you decide which battery to buy: 1. Satisfy yourself that the product is one of known merit. 2. Make sure that it is backed by a nation-wide service organization which can give prompt and expert attention to your battery no matter where you live. 3. Make up your mind that the battery is priced fairly.

Apply these three tests and the logical purchase is an Exide. Exide Batteries have enjoyed an enviable reputation since the pioneer days of automobile batteries. Exides are made by the world's largest manufacturers of storage batteries for every purpose. This leadership has been the result of building long-life batteries that seldom, if ever, need repairs. Exide dealers are located in every sizable town—experienced battery men who will give you efficient and courteous service. Finally, Exide Batteries are priced exceptionally low. In fact, you pay no more for an Exide than you do for batteries with less claim to distinction.

RADIO... There is an Exide Radio Battery of the right size for every set and a type for every tube. See the new Exide Radio Power Unit, consisting of an "A" Battery and special charger, that keeps itself charged from your house current.

Exide BATTERIES

\$10.95

This price is for an 11-plate Exide Battery, suitable for use on many popular-priced cars. In every respect this battery measures up to the traditional Exide standards of highest quality and expert workmanship. Low as the price may seem, this battery is a genuine Exide and is backed by Exide reputation for building long-life batteries. For every car there is a right size battery at prices proportionately as low.
